

**REMARKS**

Claims 1, 6-8, 13, 14, and 23-26 have been allowed. No new matter is being presented, and approval and entry are respectfully requested.

In the Office Action mailed February 27, 2003, at page 2, the Examiner stated that "[t]he title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed." Further, the Examiner suggested the title "Information searching apparatus and method for online award entry." Applicants responded to the Examiner's Office Action on June 27, 2003 and, in the Remarks section, indicated that "[i]n the Action the Examiner required a new title and one has been provided in consideration of the Examiner's comments." However, Applicants inadvertently failed to recite the Examiner's suggested title. On October 24, 2003, the Examiner issued a subsequent Office Action and, at page 2, stated that the "[n]ewly amended title has been received and acknowledged." However, it does not appear that the new title has been entered. Accordingly, Applicants respectfully submit that the this Amendment remedies the oversight in the Amendment filed June 27, 2003. As the Examiner has already acknowledged the new title, Applicants respectfully request that the title be amended to correctly recite "INFORMATION SEARCHING APPARATUS AND METHOD FOR ONLINE AWARD ENTRY".

**CONCLUSION**

For the foregoing reasons, Applicants respectfully request that the Examiner enters this amendment.

Respectfully submitted,

STAAS & HALSEY LLP
